Dated 30th March 1899

To.

P. H. Benson M. B. Lt. Col.

Senior Surgeon & Sanitary Commissioner
with the Government of Mysore.

Most honored Sir.

I most humbly beg to represent that I have been doing plague duties in addition to my legitimate work from 26-11-98 (on which date the occurrance of indigenous Cases of plague Commenced in this Taluq) such as daily inspection of in-coming persons or passengers, daily observation of the people that were kept in different Segregation Camps attending on all plague patients that were living their own huts built in their own fields far & wide from each other and also I was & am in charge of plague Hospital Sheds.

There have been 262 attacks and 220 deaths up to date from plague out of which 19 were imported Cases of death. Besides this I had to go, even now I am going to Mosty & Lukkur Villages which have been infected & where indigenous Cases of plague occur now & then

I was doing all the above duties without any assistance.

Most honored Sir, I observed the publication in Mysore Government Gazette dated 23rd March 1899 that the Hospital assistants L. F. Dispensaries Hosakote, Closepett, Muddur, Mandya & French Rocks etc have been granted plague allowance.

I therefore beg your honor to take my case also into your honor's kind & merciful Consideration and grant me the same allowance. A Copy of this was also for favour of transmission

a Assist Surgeon

For which act of kindness I shall ever feel thankful.

I beg to remain
Most honored Sir
your most obedient Servant
